- F. Voucher Approval - \$145,207.83

Public Comment

A Puget Island resident spoke in support of the proposed Epidemiologist position.

Several residents of East Valley Road were present and commented on the flood damage and the current state of the road:

An East Valley Road resident commented that the emergency culvert remedy has directed the creek to within twenty feet of his house and it is eroding the bank. He commented that the emergency repair is not appropriate, and the stream should be placed back in its regular course.

An East Valley Road resident commented that the stream is now running right along the road and is probably contaminated because of that.

An East Valley Road resident advised that the emergency repairs done are not adequate and that the road has already flooded again during a rainfall, making it impassable.

Several East Valley Road residents spoke in frustration that the flood damage has not been adequately repaired and that they are not receiving any communication with the county public works department regarding the situation. They invited the Board to visit the site to view the flooding damage in person.

Following public comments, the Board advised that they would hold a work session at the end of the meeting with the East Valley residents and county staff to work on the issue.

New Business

Special Occasion Liquor License

The Wahkiakum Chamber of Commerce has applied for a Special Occasion Liquor License on February 19, 2022 at the Columbia River Ranch and Cattle Company, 281 West Birnie Slough Road in Cathlamet. The Board unanimously had no objections.

MOU with the American Federation of State, County and Municipal Employees

It was **M/S/A** by Commissioners Cothren and Tischer to approve of the Memorandum of Understanding with the American Federation of State, County and Municipal Employees for new positions and pay class realignments, effective January 1, 2022. Vote: Aye – Strong, Tischer and Cothren. Unanimously approved.

Finance Committee

Present: Chair Gene Strong, Treasurer Tammy Peterson, Auditor Nicci Bergseng. Commissioner Dan Cothren, Commissioner Lee Tischer, Clerk of the Board Beth Johson.

Treasurer Tammy Peterson reviewed the financial figures with the committee. The Local Government Investment Pool (LGIP) interest rate remains under 1% currently. The total investment as of December 31, 2021 is \$17,092,938. Current Expense Loan balance is currently at \$50,000, however, the process to initiate a new loan from the Reserve Fund will be the end of January or beginning of February.

Peterson also advised that the committee needs to review and update the investment policy soon. This policy was last updated in 2017. In addition, a debt policy will need to be adopted.

Commissioner Reports

The Board reported on their liaison assignments over the past week. Commissioner Cothren reported that he had spent a lot of time viewing the roads and the flooding damage, though he had not yet visited East Valley Road. Cothren also reported on the efforts of the Encumbered Lands Committee to lobby for the pilot project during the legislative session; noting that the project does not appear to currently be in the Capital Budget.

Commissioner Tischer commented on the recent Wahkiakum School District lawsuit with the state.

Commissioner Strong discussed a proposal to convert a tide gate to a bridge on SR-4 near Seal River. In addition, Strong advised that most of the appliances at the fair grounds may be damaged due to flood waters.

Work Session ***East Valley Road Damage***

Present: DEM Coordinator Beau Renfro, Public Works Director Chuck Beyer.

Chuck Beyer, Public Works Director, advised that the immediate goal was to relieve residents that were being trapped behind the flood waters. The County Engineer received approval for emergency remediation, evaluated the site and placed the emergency culvert where the creek was going at the time. County staff will be participating in a meeting on Friday with multiple different agencies to try to evaluate and solve the problem; the meeting will include a site visit. Discussion ensued on the cost of the repairs and potentially obtaining grant funding for a bridge.

The East Valley Road residents again stated that they would like the stream placed back into its original channel and they expressed frustration with the lack of communication they have received regarding the road repairs.

Adjournment

With no further business to come before the board, the meeting was adjourned at 10:13 a.m.
