### Request For Proposal (RFP) for the Wahkiakum County Emergency Radio Repeater and Infrastructure Project Upgrades.

Date: 1/31/2024

This is a formal correction/change/addition to the previously released RFP.

#### **What is being modified:**

On page 9:

#### **VII. Bond**

A completion bond is required for this project and will be part of the successful respondent's contract deliverables.

#### **Corrective action taken:**

I am providing the following additional clarification for the above section:

The Contractor will pay for and file a Performance Bond and Payment Bond to the STATE OF WASHINGTON and WAHAKIAKUM COUNTY as dual obliges. Said bond will always be, at a minimum, equal to one hundred percent (100%) of the contract price including sales tax. The bond is to ensure performance of the contract and payment of all taxes and obligations to laborers and materialmen arising from the project. The bond shall be executed by a surety company acceptable to the County. The bond shall remain in effect for one (1) year following the formal acceptance of the work.

A retainage of 5% will be deducted from each payment from the County and held until forty-five (45) days after formal acceptance of the work, or until receipt of all required releases from the state's departments of Revenue, Employment Security and Labor and Industries plus settlement of any liens or claims filed pursuant to chapter 60.28 RCW, whichever is later. Bidders are cautioned that actual payment of retainage historically

has taken as much as 55 to 90 days from the contractor's notification to the county that the work is 100% completed.
